It's only natural

We are deeply committed to making our furniture in a sustainable way, endeavouring to use as many natural materials as possible in all we make.

We never use polyurethane foams – which are full of harmful chemicals – or velcro. Our furniture is more sustainable, lasts longer and is far better for the environment than much of what you can buy on the high street. We consider ethical sourcing as well as animal welfare a fundamental concern, so our down and feathers are organic by-products of the agro-food industry. They are recycled for the needs of homeware, and not a single duck or goose is ever reared, kept or raised solely for its feathers.

Crafted as future heirlooms for generations to come, all of our furniture is built using solid hardwood frames, rooted in longevity. The base of each piece includes the equivalent of a high quality mattress with many individually coiled springs.

Our cushions are filled with down, feather and natural latex and covered with removable, washable, changeable covers in naturally beautiful fabrics, all designed to meet the practicalities of everyday life.

Whether we are making comfortable sofas, beds or mattresses, we are passionately aware of the link between how things are made, the materials used and the impact on the people and communities who make them. Choosing sustainable sources, and using natural materials wherever possible throughout our design process, is as important to us as respecting the tradition of craft and supporting family-run, local businesses.

We continue to look for ways to limit our carbon footprint and our impact on the environment, so we design and build our furniture with love, to last a lifetime.

To watch a video about how our furniture is made, [click here](#).

When you buy a Maker&Son sofa you are buying an entirely natural product.

About Us

A typical high-street sofa has a plywood frame, a simple webbing base and layers of foam padding throughout; all fixed in place with glue, staples and Velcro. A sofa like this is quick and inexpensive to make, allowing the retailer to add a hefty markup.

Our furniture could not be more different – with a sustainably sourced hardwood frame (guaranteed for 30 years), a handmade sprung base, wool and cotton padding, natural latex, ethically sourced feathers, jute webbing and stainless steel zips. All of this is stitched together by hand with cotton thread and buttons. No velcro, no plastics.

We started with a simple dream - to create beautiful things from natural materials that make a positive difference in people's lives. As our teams and locations evolve, we remain steadfast in our commitment to this dream.

- Luxury-grade products that do not harm people or the planet.
- Made by hand by highly skilled craftspeople using natural materials.
- 30-year guarantee on our hardwood frames.
- Complimentary premium services.
- Removable and washable covers and fully customisable options.
- Flexible delivery options, including a premium White Glove Delivery service.

Our Mobile Showrooms

BOOK YOUR HOME VISIT

We came up with the idea of our Mobile Showrooms to enable you to experience the amazing comfort of our furniture outside your own home. We bring a little piece of Maker&Son directly to your door. Book via our website or contact book via newenquiries.uk@makerandson.com

We offer a range of premium complimentary services, including aerial floor plans like the one above.

For detailed 3D floor plans like those below, speak to our team.

Floor Planning

OUR EXPERT TEAM CAN HELP

As part of our complimentary services, our design-conscious team can create variations of your rooms with different furniture configurations to help you make the best decision for your home. We draw your room as an architectural aerial view, providing a one-dimensional visual understanding of the proportions you have to play with. We can then show you multiple examples of how your new furniture would occupy the room, in combination with your existing or future components.

In addition to our free service, we also offer a more detailed 3D option. This is ideal for understanding how your room will look and feel with Maker&Son furniture in place, providing you with multiple aspects of the space in a realistic rendering.

If you love the idea of our 3D room drawings but would like to see more styling details, we can create a plan that is as comprehensive as you need. Simply have a chat with our friendly team about the details you would like to include, such as drapes, rugs, accessories, and more, and they will give you an idea of the price.

OUR SONG RANGE

Our original and much-loved Song range features our classic Pillow Edge, providing a laid-back look ready for jumping onto or sinking into.

The furniture industry may call it an 'Oxford' border, but we've always felt that 'pillow' just suits the look better since it's unmistakably the same feeling as getting into bed in your living room. Now, we've added a Short Pillow Edge to the range – paring back to just under 2cm – allowing a slightly more tucked-up look.

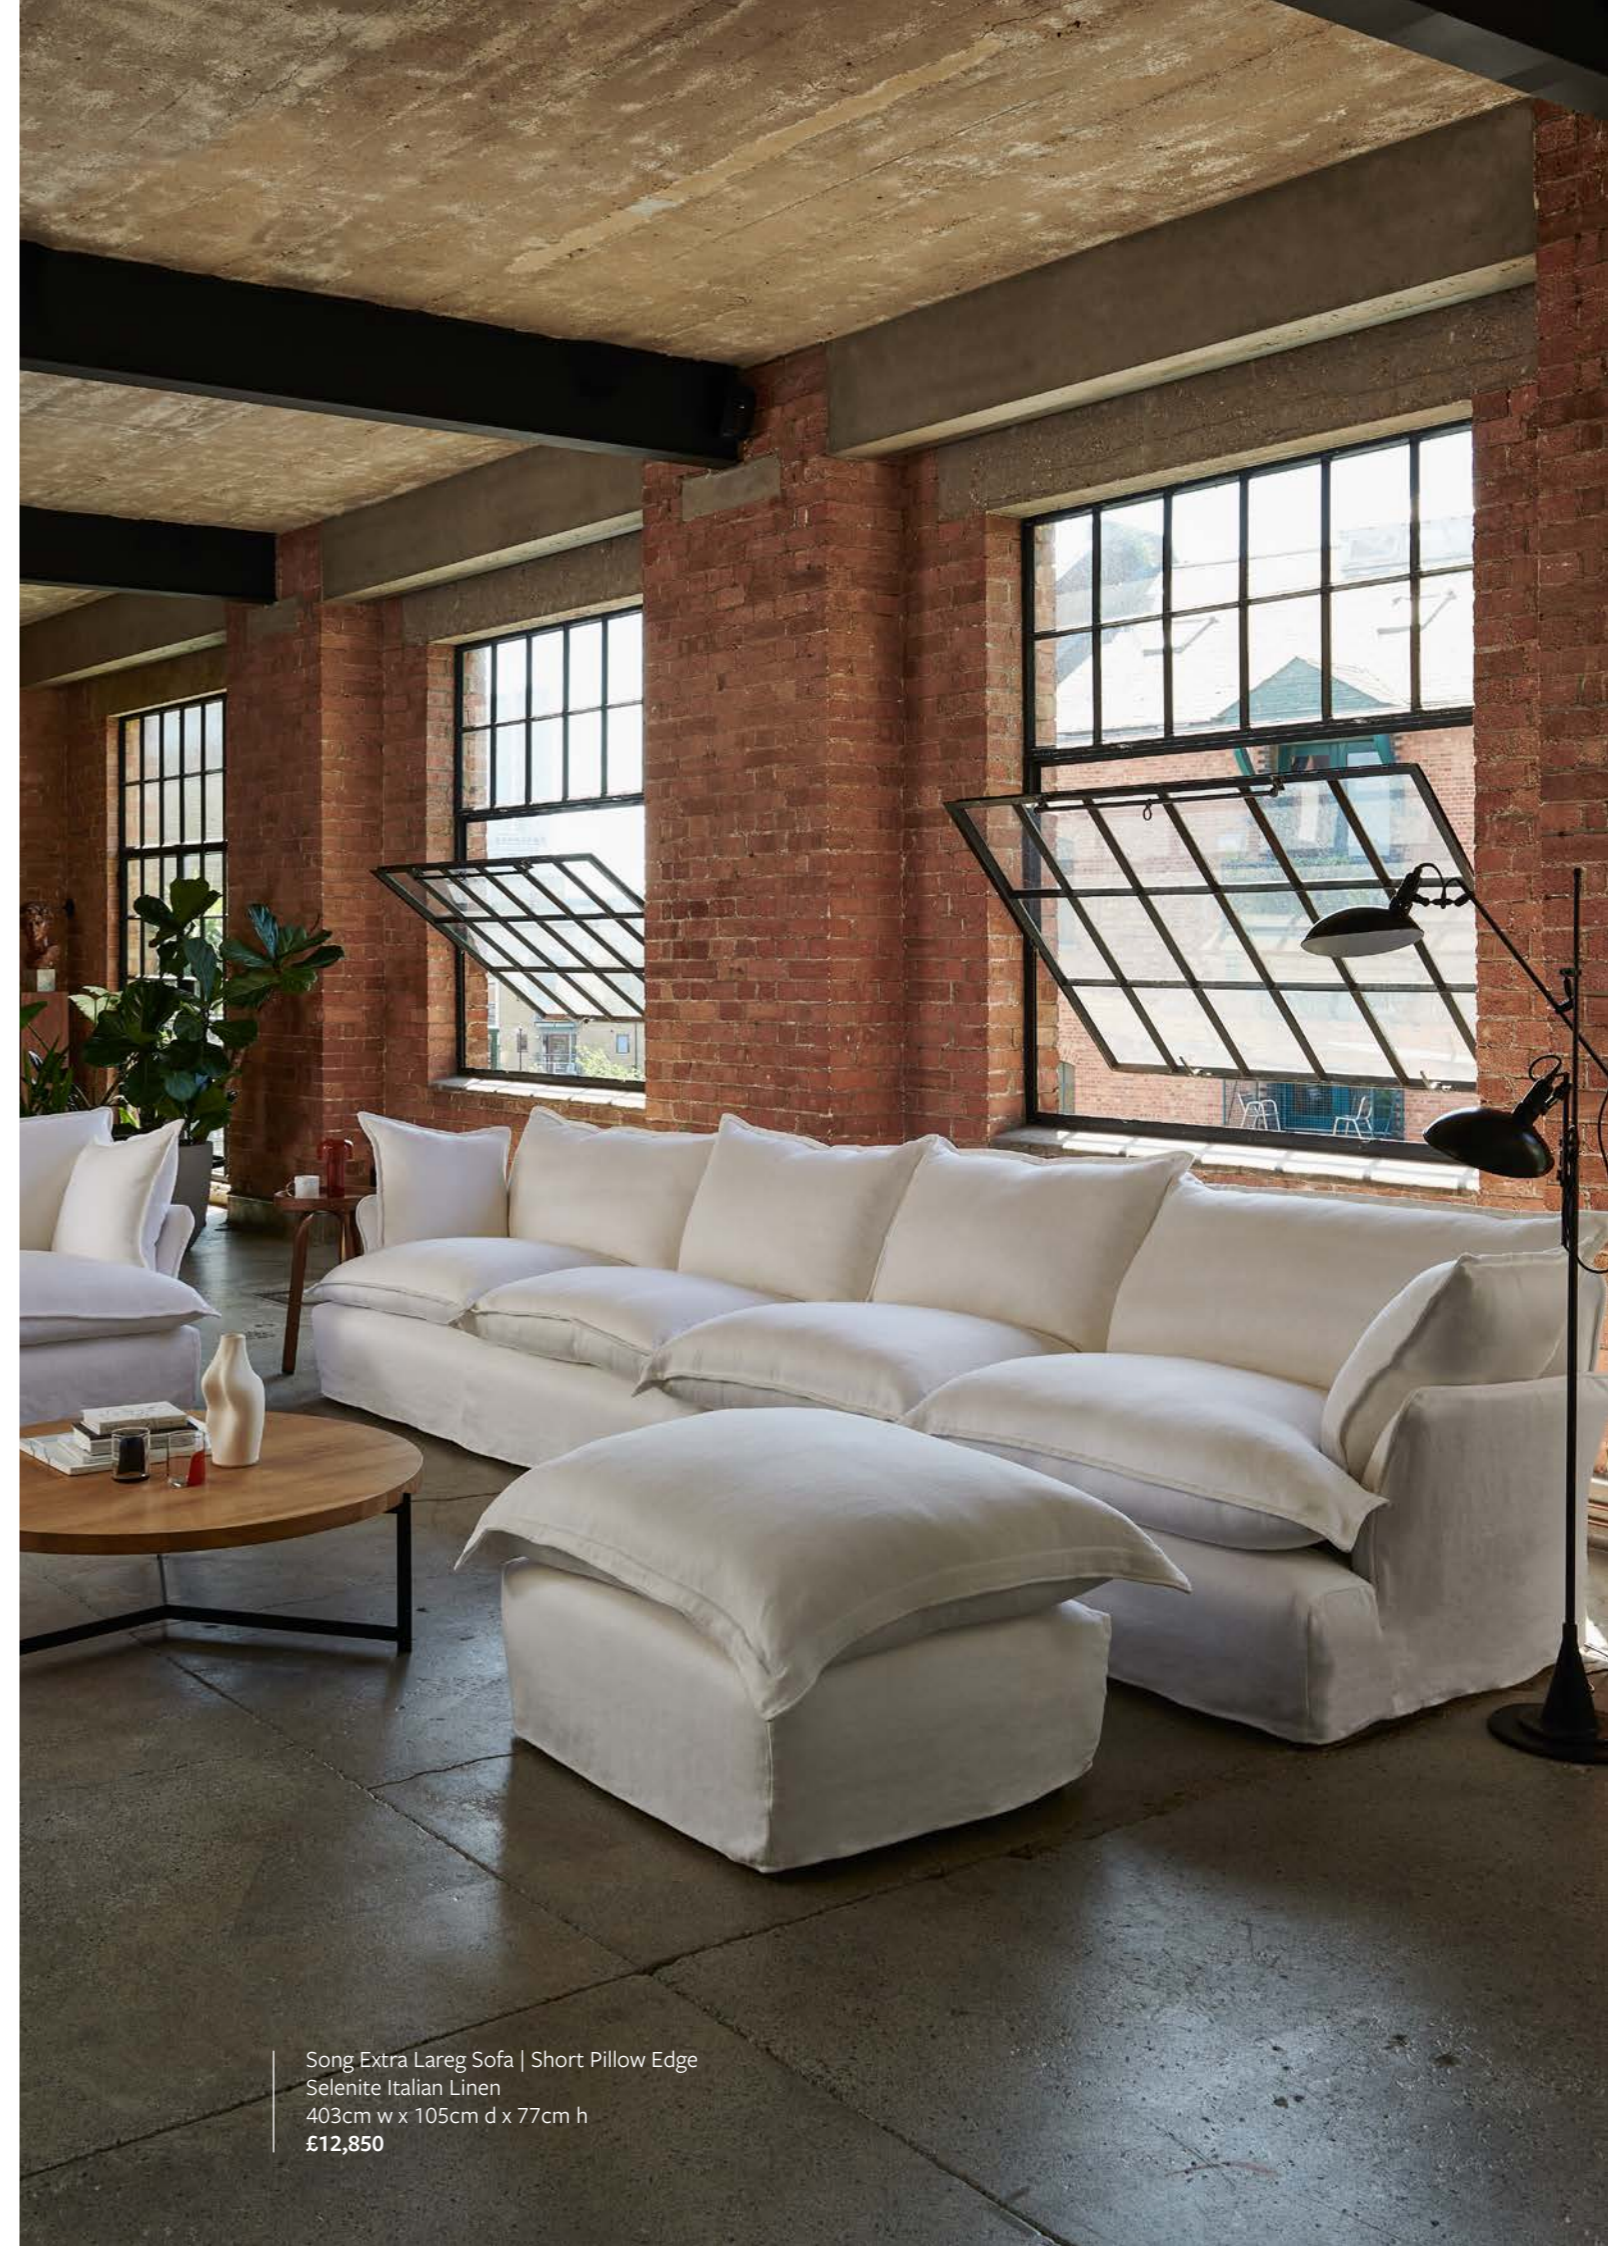

Both the Pillow and Short Pillow Edges are styles that are uniquely Song and the look that launched a thousand jumps. Thanks to our easily removable and washable base and cushion covers, you can completely change the look and feel of your room with a simple change of cover.

OUR MARNIE RANGE

When it came to naming a range that so visually represents joy, we had no doubt in our minds that we must call it Marnie.

A range that so visually represents joy, our aim was to instil that energy in this unique range. Inside, you'll find the same wonderful, natural comfort that we put into all of our furniture with cleaner lines and a bit more definition.

Marnie's Piped Edge helps to exaggerate, highlighting the beauty of the pillow shape. We love how little pops of colour on the edges can completely change the look. Feel free to choose piped colours that match, colours that complement, or colours that contrast or even clash; it's really up to you. We'll always share our favourites, but with our Marnie range, we are really looking forward to seeing endless combinations.

OUR OTTER RANGE

Otter's Box Edge style provides for a more traditional look with clean lines and simple symmetry, while the Soft Edge covers offer a calm and contemporary look.

A contemporary, formal look is the foundation of our Otter range. Featuring a different construction to both Song and Marnie, the cushions are made with a border or sidewall to provide support and shape that give a more boxy appearance. Both the Box Edge and Soft Edge styles are filled absolutely full of all the same natural comfort to be found in every one of our pieces.

NEED A BESPOKE SIZE?

No problem. We provide a bespoke service to create exactly what you need.

OUR BEDS

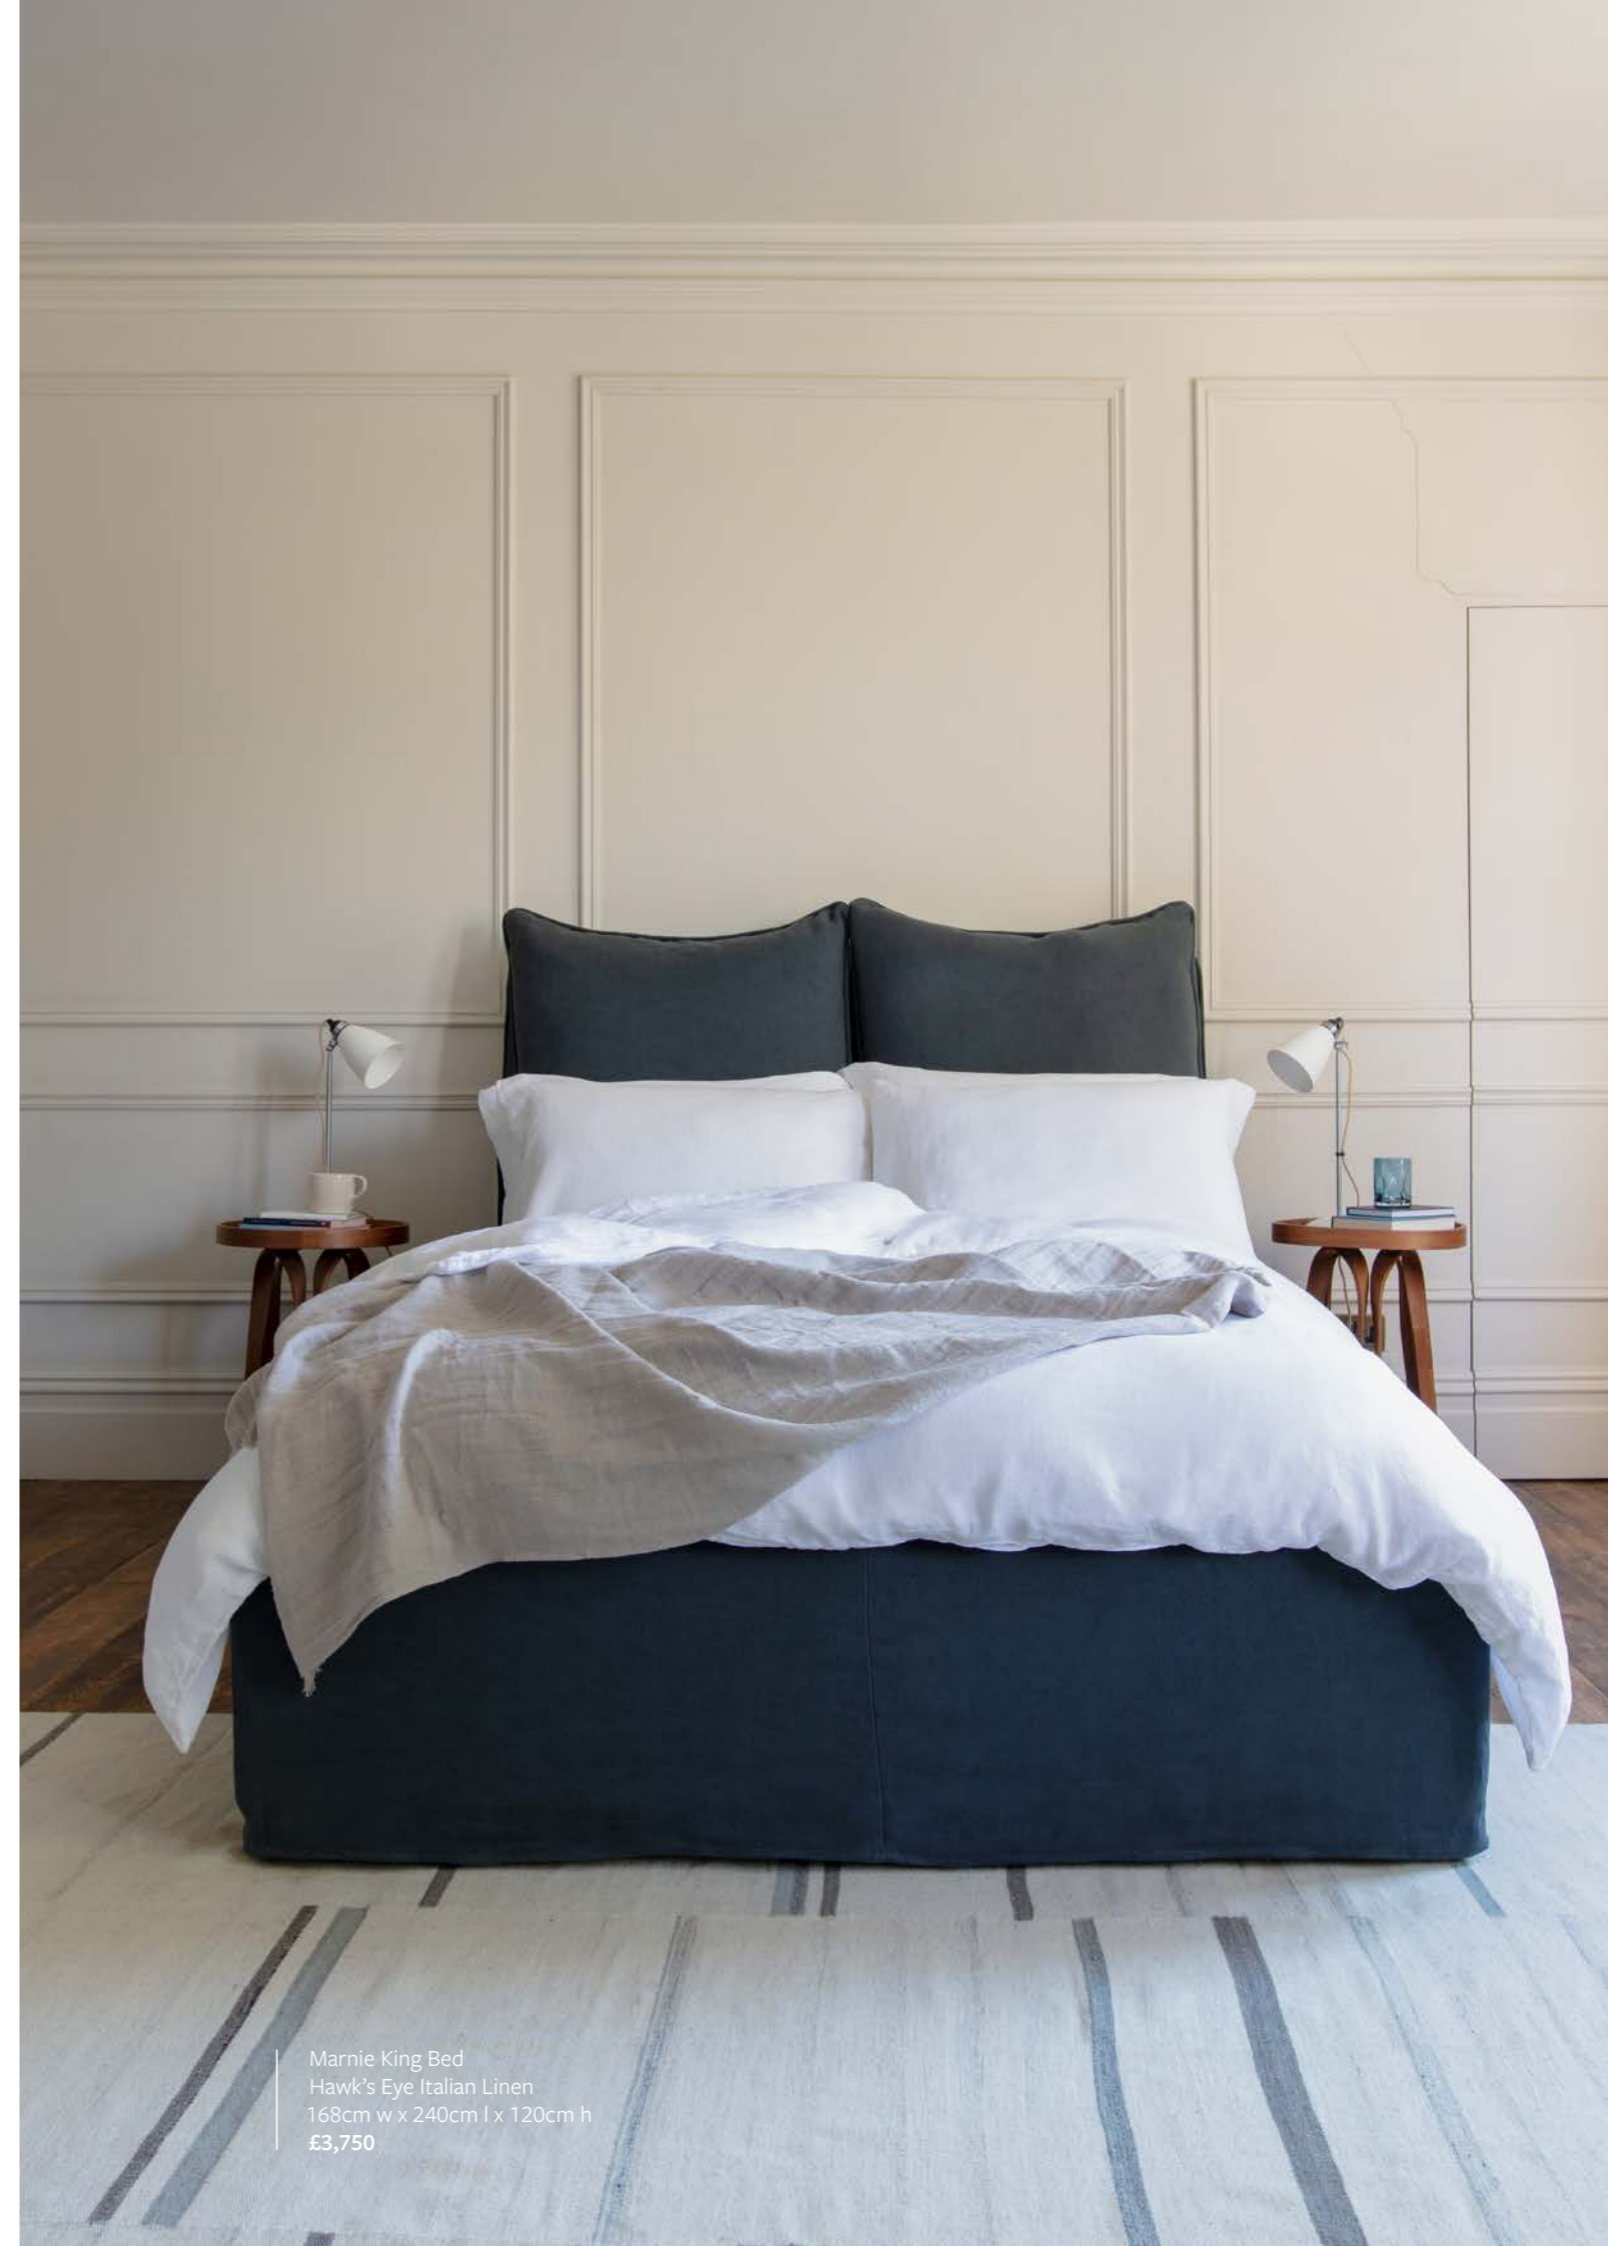

We believe that you should be as comfy sitting, reading, drinking tea or having breakfast in your bed as you would be sleeping in it.

So that's why we've created what we believe is the most comfortable bed frame to be found. Made by the same skilled teams who make our sofas and chairs, our beds are made of natural materials, sustainably sourced. You'll fall in love with the wonderful colours and fabrics that make our beds such a statement in any room.

Available in five sizes, with the possibility to buy headboard only, or full frame with or without a footer. We now also offer beautiful valances in all of our fabrics to match our headboards as well. All of our beds, headboards and valances come with removable covers in either Song or Marnie styles so it's easy to update and change the look.

We have long been on the search for the perfect mattress to accompany our natural, beautifully handmade beds, but we could not find one, so we have made them ourselves. It took us 2 years of development...but my goodness it was worth it. We've believe we've created the most extraordinarily comfortable, natural mattresses and mattress toppers.

OUR MATTRESS & TOPPER

Drifting into slumber in comfort is one of life's great joys, and our natural mattresses are handmade with peaceful sleep in mind.

We've thought about every detail to ensure you have the most comfortable night's rest. Underneath our handwoven, striped wool ticking are 15 layers of premium natural fillings, including Cotton, British wool, mohair, and silk. These are further enhanced by 16,000 cleverly pocketed springs to provide you with ultimate support.

Designed to make you comfortable all year round, our natural mattress and topper work in perfect harmony and offer a choice of summer and winter sides. The summer side features linen as the top layer to keep you cool during the hotter months. When the temperature drops turn the mattress over to the winter side and enjoy a top layer of cosy cashmere.

Our Fabrics

From our exceptionally soft and unbelievably durable Italian Linen to the plush depth of Velvet, all of our fabrics and their colours are timeless in their natural beauty.

Fabric and colour selection can be tricky, so we are always on hand to discuss the merits of one choice over another, and of course, we will happily send you samples so you can touch, feel and visualise the impact of a certain fabric.

Some of our customers have their own material in mind for their furniture... that's no problem. We are very happy to make our sofas, chairs and beds with the fabric of your choice.

We are now able to offer our beautiful fabric selection in cut lengths. Whether you choose the same material as your furniture, or a complementary fabric, you can now use our fabric to create cushions, curtains or other soft furnishings. We ask that you place a minimum order of 1 metre, but other than that, the only obligation is that you love them as much as we do.

ITALIAN LINEN

Exceptionally soft and unbelievably durable, our Italian Linen is the definition of beauty and practicality. Offering a beautiful drape, our Italian Linen weighs nearly one kilogram per square metre of fabric, showcasing linen in its finest, most natural form.

One of the greatest aspects is that we pre-shrink our linens, making them fully washable at home.

We believe that furniture is designed for living, so in case of stain or accident, simply remove and wash. We have also treated our Italian Linen for creasing (a common aspect of linen fabrics), offering you a premium quality that is really suitable for furniture to be with you and your family for a lifetime.

BRUSHED COTTON LINEN

Supremely tactile, you could be forgiven for not believing just how practical this fabric really is. This perfect blend of cotton (65%) and linen (35%) is finely brushed – or rubbed – on both sides during the finishing process to create extra cosy softness on the surface of the fabric. Linen and cotton are two of the most durable natural fabrics in the world and when they are combined, they are at their complementary best, providing softness and lightness with the most beautiful elasticity and durability.
